## Gift tags making

Christmas is one day closer and the elves are starting to wrap up all the gifts.

You know, they can be distracted sometimes and will absolutely need gift tags to make sure the right names are written on every gift...

So here are some lovely Christmas gift tags for you to cut out and use for your family's Christmas gifts.

Some of them are ready, some others need more decoration... do you think you can help with that?

Then ask an adult to send them to the elves at the North Pole, so they can use them for your family's Christmas gifts and avoid disastrous mistakes with the names and wrong deliveries!

*Good Luck!*
